kind, or abnormal condition
institutes acceptance
of the product and user's
provided.

PRODUCT DESCRIPTION:
Type: Latex emulsion formula
EPA Category: Flat Coatings, Exterior

RECOMMENDED USES:
Natural surfaces of grass, cinder, dirt; use for baseball, soccer, foot-
ball, field hockey and almost any other event where striping, mark-
ing or coloring is desirable.

SPECIFICATION DATA:
Colors: White, custom colors
Finish: Flat - 10 max @ 60°
Reflectance: Not applicable
Cleanup: Warm, soapy, water
Formulation: Pigment: 57-59%; Vehicle: 41-43%
Solids by weight: 62-64%; Solids by volume: 39-41%
Recommended film thickness: Not applicable
Recommended coverage: Coverage depends on method of applica-
tion. If applied by methods recommended by most line marking
machines, 3 gallons of properly thinned paint will mark any ordinary
football field.
Flash Point: Not Applicable
Dry time: To touch: 30 minutes
Thinning: Thin only with water. Thin one gallon of paint with one
gallon of water. Product is supplied in paste form.

This product is to be used with equal parts of clean water before application. A
standard football field requires approximately 3 gallons of the paste
formula thinned with an equal amount of water. Be sure paint is
stirred to a perfectly smooth consistency before filling line marking
machines. This product is best applied by a line-marking machine,
but may also be applied by brush, roller or spray.

PRIMER RECOMMENDATION:
No primers necessary.

PERFORMANCE:
Safe to use, doesn't harm grass; will not blur with rough usage;
will not harm eyes as lime can; used by colleges and professional
teams, Super Bowl games, Hall of Fame games, baseball All Star
games, etc.

ENVIRONMENTAL & SAFETY CONSIDERATIONS:
Formulated without lead or mercury — V.O.C. Compliant.
