

# TruMark EZ-70 Athletic Field Marker

WHEN YOU NEED A NO-NONSENSE STRIPER TO GET YOUR FIELD READY FOR GAME DAY, YOU WANT THE TRUMARK EZ-70.

A compact version of our popular E-100 model, this battery powered, walk-behind field marking machine is durable and designed to last. Its low voltage design is safe for use by volunteers and won't blow dirt away during spraying, as is common with more powerful machines. With three rugged wheels, a 5-gallon tank, and adjustable width, floating paint shields, the EZ-70 is perfect for painting soccer, rugby, lacrosse, softball and baseball fields and more. Up your game; get the EZ-70 today!

## EZ-70

- 2 hours of operation per battery charge
- Adjustable width paint shields make it easy to get any field or surface ready for play
- Made of corrosion-resistant powder coated steel, stainless steel and brass parts
- Ideal for baseball, softball, rugby, lacrosse and more
- Floating paint shoe assembly ensures line width and minimizes drift
- Paints bright, crisp, straight lines on any terrain
- Handle bars fold down for easy set up and storage
- Easy for volunteers to use
