

BOY'S AND GIRL'S LACROSSE (110 X 60 YDS) UNIFIED FIELD

EZ Unified Girl's & Boy's Lacrosse full field lining kit.

Boy's full field marking directions step by step. No measuring required!
Please read direction and look at diagrams before marking the boy's lacrosse field.

Step #1 Find the corner of the field. Each Eazy Crease field line holder **(Pic 1)** has a number attached to each line holders 1, 2, 3, and 4. Start with end loops on line 1 and end loop on line 2. Loop has **#** and **Start tag**. Stake each end loop together using the spikes on the corner of the field **(Pic 2)**. Roll out line 1 wire down the sideline, and line 2 cross the end line. Now attach line 3 end loop to line 2 end loop by placing a spike in the loops, roll out line 3 down the other sideline of the field. Now attach line 3 end loop to line 4 end loop placing spike in the loops together and roll out line 4 at the opposite end of the field. Attach line 4 end loop to line 1 end loop by placing the spike in loops 1 and 4 together. Now you should have a full field boundaries **(Pic 3)**. Make sure lines are straight and tight. **Do not pull lines using the spike in the end loops, this will cause the end loops to break. Place hand in front of loop to pull lines tight.** Check the corners to insure they are at a 90 degree angle by placing the line holder outside edges to the outside edges of the corner clips **(Pic 4)**. These clips are located near the beginning and end of the line loops of the lines. Now start painting the field by placing your striping machine wheels on the right edge of the line, this keep paint from getting on the lines and the # tags **(Pic 5)**. **EZ Lines/Eazy Crease products are a tool and adult supervision is required.**

Step #2 Now that you have painted the boundaries of the field, move End line 2 or line 4 to clips **GL** on line 1 and 3, place spike next to clip **GL** (Pic 6). This will allow you to mark the inside line of the goal line 6 ft. marking a line from the corner to corner of clip **G** to **G**. Make sure lines are straight and tight. Now start painting the line by placing your striping machine wheels on the right edge of the line, this keeps paint from getting on the lines and tag # (Pic 7). In the center of clips **G** is clip **#C** to mark the crease. Mark the crease using the boy's original Eazy Crease marker (Pic 8). **Included in kit.**

Step #3 move End line 2 or 4 to clip **RL** on both sides of line 1 and line 3 (Pic 9). Place the stakes in the loops right next to the clips **RL** on lines 1 and 3 to mark the top of restraining line (Pic 10). Mark a line all the way cross the field. Make sure lines are straight and tight. Now start painting the field by placing your striping machine wheels on the right edge of the line, this keeps paint from getting on the lines and the # Tag (Pic 11).

Step #4 move End line 2 or 4 to clip **C** for center line on both sides of line 1 and 3 (Pic 12). Place the stake loops right next to the clips on lines 1 and 3 to mark the center line (Pic 13). Make sure lines are straight and tight. Now start painting the center line by placing your striping machine wheels on the right edge of the line, this keeps paint from getting on the lines and # tags (Pic 14). In the center of lines 2 and 4 is tag **#C** this will allow you to mark the faceoff **X** (Pic 15).

Step #5 Repeat steps 3 and then step 2 to complete the other side of field.

Step #6 Return line 2 or 4 back to End Line and move either line 1 or line 3 to clip **RB** on line 2 and line 4. Tighten line and paint from End line to top of restraining box (**Pic 16**). Move to wing line clip **W** and mark to the other side to clip **W** (**Pic 17**). Move to the other side top of the restraining line and paint to the end line (**Pic 18**). Repeat on other side of the field. Make sure lines are straight and tight. Make sure striping machine wheels on the right edge of the line, this keeps paint from getting on the lines and # tags (**Pic 19**).

Step #7 to mark the circles and arcs on to the last page.

Do not pull lines using the stake in the end loops, this will cause the end loops to break. Place hand in front of loop to pull line.

Guarantee for Life! Only the Eazy Crease / EZ LINES marking tools

(WARNING!)

EZ LINES / Eazy Crease is a tool and adult supervision is required.

Winding the line back on the line holder's instructions.

When winding the lines back on the line holders do not wind the line on tight this will cause the line holders to bend. Wind the lines on loose. If the lines start to tangle when rolling the lines back on the line holder, turn the line holder counterclockwise five time.

Unified Girl's & Boy's Eazy Crease

Center Circle Directions

In the center of the playing field place the stake into the loop marked FC put into the center of faceoff line. Stretch line begin marking the center circle/faceoff circle.

Directions using the unified field Eazy Crease for marking the girl's and boy's goal circle, then the girl's 8 meter, 12 meter fan, and center circle.

DO NOT PAINT OVER THE LINES! PAINT NEXT TO THE LINE.

Place the paint can in the can clamp. Start by rolling out the line to loop #GC place stake into loop #GC place into the center of the GLE (goal line extended) Stretch line out and mark the goal circle.

To mark the line from the side of goal circle to the corner of the 8 meter arc. Attach loop #12 to the stake. Place the stake in the center back of the goal circle. Pull the line out to side of the goal circle, and then up to unmarked clip next to the GC clip. Paint from the side of the goal circle to the unmarked clip.

Pull up stake return to center of the goal circle roll line out to loop #8 place stake into loop #8 place stake in center of goal center. Stretch line out and mark the 8 meter arc.

Pull up stake roll line out to loop #12. Place the stake back in the center of the goal circle. Stretch line out and mark the 12 meter fan arc. Painting from one side of GLE to the other side of GLE

To mark the hash marks on the 8 meter arc, start by marking the center hash mark, (a 3 ft painted line). Attach loop #12 to the stake. Place the stake in the top center of the 8 meter arc. Pull the line out to loop #8 down the arc line this will give the 4 meter between each hash mark from the left and right of the center of the arc.

To mark the restart marks stake the #12 loop where the 8 meter arc would come if you completed the 8 meter arc to GLE. Place the stake into GLE pull line to RM clip and make a 12inch circle.
